Efficiency
does not consist in loading your mind with facts and figures,
But It Does Consist
in knowing where to locate necessary information quickly when you want it.
Consult your City Directory
It contains more information about the city and its people than any other book.

does not consist in loading your mind with facts and figures,

But It Does Consist

in knowing where to locate necessary information quickly when you want it.

DIRECTORY OF HOUSEHOLDERS

1932

INCLUDING

A Complete Street and Avenue Guide

WITH A NEW

Directory of Home Owners

AND TENANTS

also An Alphabetical List of Suburban Streets

To find the occupation of individuals refer to the Alphabetical List of Names. Following each business (or professional) name is shown the occupation in which they are engaged. A fuller explanation will also be found in the alphabetical section.

1. **The black numerals following each street indicate the postal district.**
2. **The streets marked ✢ are in the suburbs.**
3. **The Symbol (*) following the residence number, indicates that to the best of our knowledge someone living in the house is the owner.**

This new Home Owners and Tenants Directory is compiled from information taken on a special house-to-house and office-to-office personal canvass. While we do not guarantee to be absolutely correct in every detail, we do believe it to be very accurate and complete. Besides the one personal canvass a secondary checking survey has been made covering most of the city, to verify information previously received.
